

TOURISTIC!

The project TOURISTIC aims to find new and innovative answers to all challenges by upskilling disabled people in Digital Skills applied to the design of innovative commercial services and products in Online Accessible Tourism

The project aims to create new skills pathways and labour opportunities for disabled people in Europe, supporting ICT-based teaching and assessment practices and promoting the transparency, validation and recognition of skills and competences acquired through OER

Meeting in Istanbul!

Despite the numerous Covid-19 restrictions still in place, the partnership was able to meet in beautiful Istanbul this past November for a hugely useful and productive meeting!

For more information please visit: www.touristic-upskilling.eu

TOURISTIC!

The TOURISTIC project resources are now available for testing, and we are looking for participants!

If you are interested in learning more about accessible tourism please get in touch!

Please note that the current versions of the VOOC and the Web App are prototypes and not the finished versions! But your participation and feedback would be most appreciated!

The process for testing is very simple and will help you to learn more about accessible tourism and teaching

If you would like to know more or to participate in the piloting, please contact us via Facebook @ <https://www.facebook.com/Touristicerasmusproject> or via the website @ www.touristic-upskilling.eu
