

FOSTERING SOCIAL INNOVATION AND ENTREPRENEURSHIP IN INTERCULTURAL AND INTERRELIGIOUS CONTEXTS

OBJECTIVE

The INTREP project aims to promote social inclusion and diversity as well as intercultural and interfaith dialogue by supporting teachers and adult and community educators to foster social innovation and entrepreneurship in intercultural and interreligious contexts through Community Adult Education (ACE).

PARTNERS

A multi-sectoral partnership of eight expert organizations in social innovation, intercultural and interreligious dialogue, and entrepreneurship for adult community education.

PROJECT RESULTS

We have completed our first output: **The Theoretical Framework and Training Curriculum**. For this, we have analyzed the competencies that adult education teachers and trainers need to foster Social Innovation and Entrepreneurship in intercultural and interreligious contexts. We have compared the normative frameworks of adult education in partner countries.

This theoretical framework will be the reference for developing and structuring the content of the intrep training materials that will follow.
